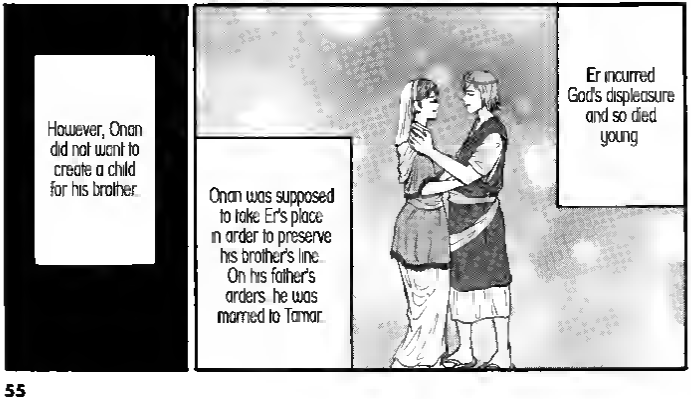
HOLY BIBLE
is derived from the book of Genesis in the Old Testament
The word for masturbation, onanism,

His older brother Er was married to a woman called Tamar
There was a young man named Onan



However, Onan did not want to create a child for his brother.
Onan was supposed to take Er's place in order to preserve his brother's line. On his father's orders he was married to Tamar.
Er incurred God's displeasure and so died young

When Onan was making love to Tamar...
If he had a child with Tamar, that child would inherit all of his father's assets
he deliberately spilled his semen on the Earth...
as a method of contraception
What Onan did was ejaculate outside of a vagina and not masturbate but afterwards, the act of ejaculating without the goal of reproduction was termed Onanism
This is the sin of Onan
This aroused God's anger and Onan was killed
